Dear Mr. Anderson:

On behalf of The University of Texas at Arlington please allow me to express my gratitude for ISM-Fort Worth, Inc.'s recent gift support of the Fort Worth Institute of Supply Management Scholarship Fund. Your commitment to excellence in education and your support of our students and faculty is greatly appreciated.

With the investment of donors and others, the University continues to grow by leaps and bounds. Since 2004, the University's enrollment has increased 33 percent and total research expenditures have more than doubled. Private philanthropic support has reached an all-time high, and private philanthropy has tripled in this timeframe. In fact, *The Chronicle of Higher Education* has recognized UT Arlington as the 6th fastest growing public research university in the United States, and *U.S. News and World Report* ranked UT Arlington as the 7th most diverse university in the nation. The face of UT Arlington is changing. It is precisely this evolving environment and student body that prepares our students to thrive in a rapidly changing and diverse global society.

As the University continues to grow and build on its reputation as a first rate institution, your investment in our students makes a real difference. The confidence placed in the University by donors like you allows the University to pursue its mission to advance knowledge and pursue excellence. Thank you for your continued support of UT Arlington.

Sincerely,
